

高性能電動フォークリフト

3.5 ～ 8.0 ton 開発中（国内導入時期未定）
Currently under development (Domestic launch date not yet decided)

THE HEAVY DUTY ELECTRIC FORKLIFT

高負荷・高稼働の現場にも電動車を

Electric forklifts for heavy duty applications

走行性能 Traveling Performance

エンジン車に匹敵する加速性、登坂速度、最高速等の走行性能

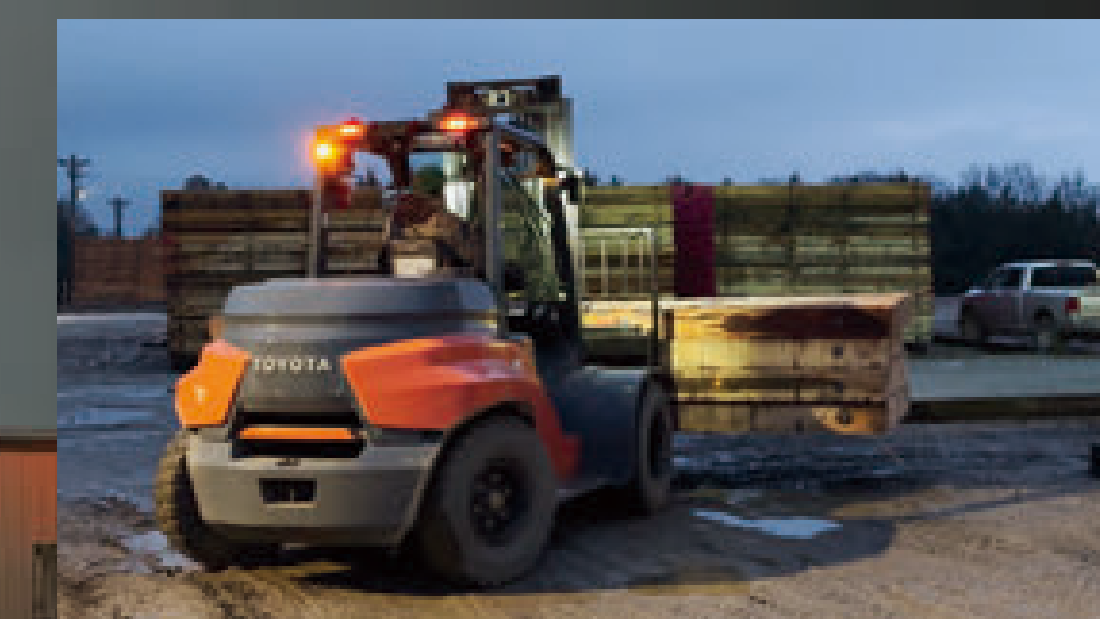

Acceleration, slope-climbing speed, and maximum speed comparable to engine powered forklifts

荷役性能 Load Handling Performance

高負荷作業をものともしない荷役性能

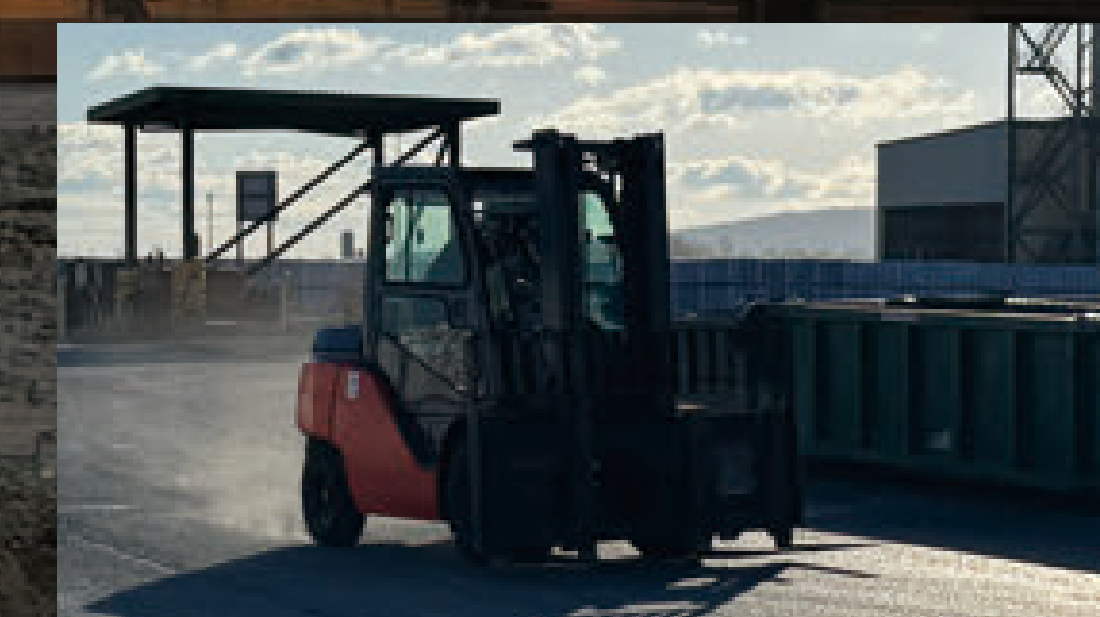

Lifting/lowering speed, load handling speed with attachment comparable to engine powered forklifts

長時間稼働 Long Operating Time

リチウムイオンバッテリーによる長時間稼働

Lithium-ion battery provides a long operating time

耐久性 & 装備 Durability & Equipment/Options

過酷な屋外作業に応える抜群の耐久性と装備

Outstanding durability and various equipment/options for harsh outdoor applications
